**Regional Radon Educators** are available to answer your radon questions. They provide radon education programs for organizations, church groups and schools, as well as provide exhibits for home shows and health or community fairs. They also target real estate professionals, home builders, and medical professionals to encourage radon testing, mitigation, and radon-resistant home construction. **These educators are not limited to their home counties, but are authorized to travel to other counties for programs, etc.** Contact one of these educators to ask questions or to schedule a program or exhibit:
